DWR Final Grant Awards for the Urban Streams Restoration Program

SACRAMENTO -- The Department of Water Resources, Urban Streams Restoration Program (USRP) has released the list of final grant awards from the 2008 solicitation. Twelve grant awards have been approved for a total of \$8,840,335 from Propositions 84 and 40. The final grant awards can be found at the USRP Website:

<http://www.water.ca.gov/urbanstreams/>

The USRP provides grants to local community projects that reduce flooding and erosion and associated property damages; restore, enhance, or protect the natural ecological values of streams, and promote community involvement, education, and stewardship. Additional information regarding the USRP, including the guidelines and enabling legislation (California Water Code Section 7048), are available on the website noted above.

Comments or questions regarding the final grant awards may be sent to Jerry Snow via email or U.S. mail:

Email: glsnow@water.ca.gov

Address: Attn: Jerry Snow
DWR, USRP
P.O. Box 942836
Sacramento, CA 94236-0001

The next USRP solicitation for applications is tentatively scheduled for winter 2012. If you would like to be placed on the USRP contact list to receive information regarding the program, including the next proposal solicitation, please visit <http://listhost2.water.ca.gov/mailman/listinfo/usrp> to submit your information.

The Department of Water Resources operates and maintains the State Water Project, provides dam safety and flood control and inspection services, assists local water districts in water management and water conservation planning, and plans for future statewide water needs.
